Overview

Create a space that's functional, hygienic, and attractive with DURACLAD interlocking wall and ceiling panels. Moisture and chemical resistant, DURACLAD allows for frequent cleaning and sanitary maintenance, and long-lasting service in commercial spaces, healthcare facilities, food service areas, residential homes, agricultural structures & more.

Featuring a multiwall structure, the PVC panels' interlocking tongue-and-groove edges allow for quick installation directly onto wall studs with fasteners fully hidden. Made in the USA, DURACLAD is a high-performance alternative to fiberglass reinforced panels (FRP), painted drywall, plasterboard, plywood, and other materials.
